

BOLESŁAW MIKODA

A report made on 7 October 1946. Having been advised of the obligation to speak the truth and the criminal liability for making false declarations, the witness testified as follows:

Name and surname	Bolesław Mikoda
Date and place of birth	14 May 1925, Bielsk

The above-mentioned Orłowski came to Auschwitz from Majdanek in October or November 1943. She was an overseer, she wore an SS uniform and carried sidearms. I would like to state that at least 20 people who had been beaten by her died on the following day due to sustained injuries. She tortured people in an inhumane way for the most trifling reasons.
